Mahanagar Gas Q1 Profit Up 10%

Our Bureau

Mumbai: State-run Mahanagar Gas (MGL) reported a consolidated net profit of ₹17.9 crore attributed to the owners of the company, marking a 10% increase compared to ₹288.8 crore in the year-ago quarter, driven by improved margins and operational efficiency. Revenue was up 6% to ₹1,980 crore for the quarter.

On a sequential basis, the net profit saw a sharper 30.04% increase compared to the ₹243.9 crore net profit reported during the March 2025 quarter. The company supplies compressed natural gas for vehicles and piped natural gas for domestic and commercial use across Mumbai and adjoining areas. It operates a network of over 300 CNG stations. Total sales volumes at the standalone level were 384.86 million standard cubic metres of gas, which grew 9.81% compared to 351.13 million standard cubic metres of gas during the year-ago quarter.

The Leela Parent Back to Black in Q1

New Delhi: Schloss Bangalore, operator of The Leela Palaces Hotels and Resorts, has reported a profit of ₹9 crore in the June quarter and a 21%-year-on-year growth in consolidated revenue from operations to ₹275 crore. The luxury hospitality chain on Tuesday said The Leela marked its debut as a publicly listed company with its "best-ever" first-quarter performance. It had reported a loss of ₹5.4 crore a year ago. Chik, executive officer and Managing Director, said the chain's total revenue grew 25% to ₹301.3 crore and Ebitda rose by 63% to ₹128 crore, supported by a 20% year-on-year revenue per available room increase, with market share gains that "outpaced" the luxury hospitality sector's. —Our Bureau

Dalmia Bharat Q1 Profit Triples as Costs Decline

Improvement in net sales realisations helped offset impact of lower volumes

Our Bureau

Mumbai: Dalmia Bharat's consolidated net profit surged nearly three times on year in the June quarter to ₹545 crore, helped by an improvement in net sales realisations, which offset the impact of lower sales volumes. The cement producer's sales volume fell nearly 8% on year to 7 million tonnes in the June quarter, which limited a growth in its consolidated revenue to 0.4% on year to ₹3,638 crore. The top line grew despite a fall in sales volume as realisations improved by 6.6% on year to ₹,535 per tonne during the quarter. This also boosted the company's earnings before interest, tax, depreciation and amortisation to an all-time high of ₹983 crore, while the Ebitda made on each tonne of cement surged 40% on year to ₹1,261.

The profitability was also boosted by lower costs of logistics and power and fuel costs, as compared to the previous year.

"Beginning of this year marks a

recovery in cement realisations in our key markets, which has helped us deliver robust Ebitda growth, resulting in an Ebitda margin of 24.3%, which is an increase of 5.8% percentage points compared to all-time high of ₹983 crore, while the Ebitda made on each tonne of cement surged 40% on year to ₹1,261.

The company currently has a capacity of 49.5 million tonne and is targeting a capacity of 75 million tonne by FY28. Earlier this year, the company announced fresh capital investments of

₹,600 crore for adding 12 million tonne of capacity across its South and West regions.

"Backed by a robust balance sheet, a disciplined capital allocation framework and healthy profitability outlook, we are steadily progressing towards our vision of becoming a PAN-India player," chief financial officer Dharmendra Tujeja said. The company announced its earnings after market hours, and its shares closed at ₹2,319.15 on the BSE, up 2.5% from the previous close.

JSW Infra Posts 31% Jump in Q1 Net

Our Bureau

Mumbai: JSW Infrastructure, the ports and logistics arm of the JSW Group, reported a 31% year-on-year jump in consolidated net profit for the first quarter of FY28. Profit rose to ₹308.6 crore, compared to ₹236.5 crore in the same period last year. The growth was driven by higher cargo volumes, strong performance at group entity Navkar Corporation, and continued momentum in third-party cargo handling. Revenue from operations increased

by 21% to ₹1,223.8 crore from ₹1,008.2 crore in Q1 FY25. The rise was led by improved coal handling volumes across key ports and the addition of Navkar Corporation's numbers to the consolidated books following its acquisition.

JSW Infrastructure shares closed flat on Tuesday at ₹317.2, up ₹0.50 or 0.16% from the previous close. Total cargo handled during the quarter stood at 28.4 million tonnes, up 5% from a year ago. Higher coal volumes at Ennore, PNP, and Paradip accounted for a significant share of this growth. Additional contributions came from South West Port and Dhamaram Port, while interterm operations at the Tuticorin terminal and the JNPT liquid terminal further supported volumes. However, reduced activity at the iron ore terminal in Paradip limited the overall increase.

Revenue from operations increased by 21% to ₹1,223.8 crore from ₹1,008.2 crore in Q1 FY25. The rise was led by improved coal handling volumes across key ports and the addition of Navkar Corporation's numbers to the consolidated books following its acquisition. JSW Infrastructure shares closed flat on Tuesday at ₹317.2, up ₹0.50 or 0.16% from the previous close. Total cargo handled during the quarter stood at 28.4 million tonnes, up 5% from a year ago. Higher coal volumes at Ennore, PNP, and Paradip accounted for a significant share of this growth. Additional contributions came from South West Port and Dhamaram Port, while interterm operations at the Tuticorin terminal and the JNPT liquid terminal further supported volumes. However, reduced activity at the iron ore terminal in Paradip limited the overall increase.

Zee Reports Q1 Net Up 14% at ₹144 crore

Our Bureau

Mumbai: Zee Entertainment Enterprises (ZEE) reported a 14% year-on-year increase in net profit to ₹144 crore for the quarter ended June 2025, even as its operating performance remained under pressure.

Ebitda for the quarter declined 18% to ₹228 crore, while operating revenue fell 14% to ₹1,859 crore.

Total expenditure during the quarter also declined 14% to ₹1,597 crore, helping partially offset the impact of lower revenue. The company attributed the decline in topline to a subdued advertising environment and a fall in Pay-TV subscribers.

Advertising revenue dropped 17% year-on-year to ₹759 crore, with domestic ad revenue falling 19% due to an extended sports calendar and reduced FMCG spending.

The domestic advertising environment continues to remain soft," ZEE said in a statement. "However, a healthy monsoon and festive season pick-up could support recovery in the near term."

Subscription revenue was down 1% at ₹982 crore. The company said an increase in digital subscription revenue was offset by a decline in linear subscription revenue, mainly due to a reduction in Pay-TV subscribers. On the digital front, ZEE's Ebitda loss narrowed by 63% to ₹66 crore. ZEE's revenues grew nearly 30% year-on-year to ₹260 crore in the first quarter of FY26.

Civil Society Urges Govt to Scrap Animal Testing in Biosimilar Guidelines

Groups push for faster, ethical, and affordable drug development

Teena Thacker

New Delhi: Civil society organisations have approached the health ministry, seeking to remove animal studies to speed up biosimilar development.

In their representation to the government, which is working on a set of guidelines for biosimilars, the Working Group on Access to Medicines and Treatment stated that by eliminating these tests, India can lower production costs, speed up biosimilar development and uphold ethical standards. This, said the network that works on affordable healthcare, will also make biosimilars more affordable for patients.

"Westrongly urge you to eliminate unnecessary animal studies" and establish "clear conditions" for comparative clinical trials in order to prioritise affordability without compromising safety and efficacy. KM Gopakumar and Jyotsna Singh, co-convenors of the working group, wrote in a letter dated July 18 to the health secretary.

The government is giving final touches to a revised set of regulatory standards to set stringent quality standards for biosimilars. The presence of biosimilar drugs, which are emerging as a mainstay for treat-

ment of cancers and autoimmune diseases among others. In the letter, the group also urged the ministry to engage with civil society patient groups and healthcare advocates before finalising the guidelines.

The US Food and Drug Administration recently announced a plan to phase out animal testing requirements for monoclonal antibodies (biotech drugs) and other therapies, replacing it with potentially more effective methods. Biosimilars are medicines based on living cells and are very similar, but not identical, to originally invented biological drugs, or biologics.

In India, biosimilars is an emerging segment with sales reaching close to \$867 million in 2024. The market is expected to grow at an annualised rate of 17% annually, according to industry estimates.

"In India, where many struggle to afford basic healthcare, these drugs can transform lives," the group said in the letter.

PARLIAMENT WATCH

Centre Gave up ₹99,000 cr Corporate Tax Revenue in FY24 on Account of Tax Incentives

The Finance Ministry Tuesday informed Parliament that the Centre has foregone ₹99,000 crore of corporate tax revenue in FY24 on account of tax incentives. The corporate tax revenue foregone in 2023-24 stood at ₹86,999 crore, followed by ₹88,109 crore and ₹96,892 crore in 2022-23 and 2021-22, respectively. MoS for Finance Pankaj Chaudhary said in a written reply to Rajya Sabha in 2020-21 that the total corporate tax revenue foregone was ₹75,218 crore and ₹8,043 crore, respectively.

At \$736.3 b, External Debt Hits 19.1% of GDP

India's external debt stood at \$736.3 billion as of March 2025, which was only 19.1% of gross domestic product and 90.8% of forex reserves. MoS for Finance Pankaj Chaudhary told RS Tuesday. "These debt vulnerability indicators are benign and indicate India's external debt remains sustainable and prudently managed," he said. He added that external debt in countries rises over time as it is associated with increasing investment and productivity, which has also been the case with India. "India has managed its external debt prudently with the overarching objective of keeping the current account deficit within sustainable limits."

PM Internship Scheme: 22,500 Offers Accepted So Far

About 71,000 offers were made by companies to the youth under the second round of the PM Internship scheme as of July 17 and about 22,500 were accepted by them. The Rajya Sabha was informed on Tuesday. In a written reply, minister of state for corporate affairs Harsh Malhotra said about 27,000 companies had posted over 118,000 internship opportunities against over 4,55,000 applications.

No GST Compensation Pending, Except to Arunachal & Manipur

The Centre Tuesday informed Parliament that no amount is pending for release of the final GST compensation to states and Union Territories except Arunachal Pradesh and Manipur. In the case of these two states the Centre has not received the certificate of Auditor General, required to release the payment. MoS for Finance Pankaj Chaudhary told Rajya Sabha in a written reply.

₹72,275 cr Sovereign Gold Bonds Issued

The government issued sovereign gold bonds worth ₹72,275 crore—equivalent of 146.96 tonnes of the precious metal—between the scheme's launch in late 2015 and March 2025, minister of state for Finance Pankaj Chaudhary said Tuesday. In a written reply in the Rajya Sabha, the minister also said the mop-up under the gold monetisation scheme (through medium- and long-term deposits) was to the tune of 37.81 tonnes during this period. This suggests the gold bond scheme was far more popular than the monetisation one. The government, however, would consider the cost of garnering funds via such gold bonds before issuing any fresh tranche, he added. The government hasn't budgeted any mop-up through such bonds this fiscal due to high borrowing costs. "The recent global geopolitical unrest has impacted gold prices significantly, increasing the cost of borrowing through sovereign gold bonds," Chaudhary added.

RBI provisional data for FY25
No. of willful defaulters: 1,629
Loan Outstanding: ₹1.62 L cr

PLI Scheme Drives ₹1.76 L crore Investments

Actual investment of ₹1.76 lakh crore have been realised till March 2025 across 14 sectors covered under Production Linked Incentive (PLI) schemes, leading to incremental production/sales of over ₹16.5 lakh crore and employment generation of over 12 lakh. The production of mobiles in value terms has increased almost 146% to ₹5.25 lakh crore in 2024-25 from ₹2.13 lakh crore and their exports rose 77% to ₹2 lakh crore in FY25 from ₹2.28 crore in 2023-24. The pharmaceuticals sector has witnessed cumulative sales of ₹2.66 lakh crore which includes exports of ₹1.7 lakh crore achieved in the first three years of the scheme. The scheme has contributed to India becoming a net exporter of bulk drugs (₹2.80 crore) from a net importer of ₹13.90 crore. "A number of foreign companies have established or expanded their operations in India under the PLI scheme. For example, Apple, a global smartphone company, has shifted its suppliers to India viz. Foxconn, Wistron and Pegatron," the commerce and industry minister told Lok Sabha.

Over ₹35,105 cr Tax Demands Raised Under Black Money Law

The Finance ministry told Parliament Tuesday that the government has raised tax and penalty demands of over ₹35,105 crore from 1,021 assessments and filed 163 prosecution complaints till March 31 under the foreign black money law. The government has recovered ₹338 crore under the Black Money (Undisclosed Foreign Income and Assets) and Imposition of Tax Act, 2015, towards tax, penalty, interest between July 1, 2015 and March 31, 2025, MoS for Finance Pankaj Chaudhary told Rajya Sabha in a written reply.

Renewables Sector Creates Over 600,000 Jobs in 5 Years

An estimated 6.1 lakh jobs were created in the last five years from FY20 to FY25 in the renewable energy sector, minister of state for renewable energy Shripad Yesso Naik said in a written reply to the Rajya Sabha on Tuesday.

VGF Scheme Extended

The power ministry has recently extended the Viability Gap Funding (VGF) scheme for battery energy storage systems for additional 30,000 MWh capacity through the Power System Development Fund, MoS for renewable energy Shripad Yesso Naik informed the Rajya Sabha on Tuesday.

Action Taken Against 886 Entities

Enforcement action has been taken against 886 entities between April 2024 and June 2025 for fraudulent or unfair trade practices relating to the stock market, minister of state for finance Pankaj Chaudhary told the Rajya Sabha Tuesday.

Govt Strengthens Engagement with Ratings Agencies

New Delhi: The government has strengthened its engagement with global ratings agencies through a structured interactive process, during which the overall macroeconomic scenario is highlighted before them, Parliament was informed on Tuesday.

Sovereign credit ratings agencies such as S&P, Fitch, and Moody's have assigned India the lowest investment-grade rating. Moody's Ratings has assigned a 'Baas' rating on India, with a 'stable' outlook, while S&P Global Ratings has a 'BBB+' with a 'positive' outlook. Fitch rates India at 'BBB+' with a 'stable' outlook, while Morningstar DBRS in May up-

graded India's rating to 'BBB+', with a 'stable' trend. In a written reply to the Rajya Sabha, minister of state for Finance Pankaj Chaudhary said the government has made sustained efforts to strengthen India's overall economic outlook, thereby positively impacting its credit profile. These include maintaining sound macroeconomic fundamentals, such as steady growth, price stability, fiscal consolidation, a resilient external sector, robust foreign exchange reserves, a strong banking sector and enhancing physical and digital infrastructure to support investment. —PTI
