

ENVIRONMENT & ENERGY POLICY

The Leela Palaces Hotels Resorts (“The Company¹”), Environment & Energy Policy is committed to develop and operate a healthy, and clean environment at areas under its control. Also, towards continuous improvement our Energy Performance through the process of monitoring, conservation, customization, communication, and control by adhering to the following:

1. Achieve or exceed relevant legal, environment and energy requirements, codes of accepted industry practices and appropriate standards through periodic internal & external inspection regime.
2. Ensuring that the environmental impacts of unit’s operations do not adversely affect the environment by reducing, re-use, & recycle waste; prevent air, water, and other pollution, and disposing waste safely and responsibly.
3. Ensure the responsible use of energy throughout our business, including conserving energy, improving energy efficiency, and giving preference to renewable over non-renewable energy sources whenever and wherever feasible.
4. Develop and implement Environmental objectives and targets to ensure a continual improvement in our environmental performance.
5. Develop a strong sense of environmental awareness amongst all employees by incorporating environmental priorities within work programs and business plans, and ensuring appropriate environmental information is included in general training and inductions.
6. Ensuring that this policy is communicated to all our stakeholders to make them aware of our environmental management system commitments.

This policy will be reviewed once a year, or more frequently, if necessary, to ensure relevance to The Leela Palaces Hotels Resorts business operations and objectives.
